## George Mason TU chapter explores fishing in Russia

From the land of eleven time zones comes a guest to tell tales of cold water fish weighing over 100 pounds, Atlantic Salmon tipping scales at 60 pounds and wary trout sipping tricos outside Moscow.

Gennadi Zharkov, executive director of the Moscow Fly Fishing Club, will be the featured speaker at George Mason Chapter of Trout Unlimited's general meeting on October 26 at Chief Shoppengons Motor Hotel in Grayling. Zharkov's program begins at 8:15 p.m. The public is welcome and there will be no admission charged.

With slides from the Kola Peninsula, St. Petersburg area, the Komi Republic, the Baltic Region, Crimea, the Caucasus, and Sakhalin Island, Gennadi Zharkov covers sports fishing from one end of Russia to the other.

Zharkov will describe fly fishing for a variety of fish in his homeland of Russia. He will share a historical perspective with a report on what it's like now. Liberally sprinkled with samples of the landscape, culture, and native traditions, "Fly Fishing in Russia" will pique the wanderlust of the most homebound.

Are Russia's streams trashed by pollution? How do you get to Khoszu River? Are salmon in Russia threatened or endangered? Where do you get a double taper seven weight dry line in a country with no fly fishing shops? What's the fishing pressure on the streams in the Arkhangelsk region? Is the Adams truly universal? How does a Russian tie a mayfly?

## Domestic violence destroys family unit

**By Michael Larrison**  
Oscoda County Undersheriff

Domestic violence affects everyone: those who are physically injured, children in the home that may have witnessed or been victims either physically or emotionally, the police and extended family members. Domestic violence is a cancer that grows and gets more and more severe with each occurrence. If it is allowed to go on, the final act of violence can sometimes be fatal.

From a police perspective, domestic violence can be a very dangerous, stressful, and often frustrating experience. As domestic violence has become more visible, the police have become empowered to arrest on probable cause (ie: a person was believed to have been assaulted, and reason-to-believe that a certain other individual was responsible for it exists). With this authority, the police can remove an assaultive person from the home and lodge him/her in jail for a period of 20 hours prior to arraignment. The difficulty arises when the victim of the violence decides that he/she will not follow-through with prosecution. This results in "opening the door" to future episodes of violence that almost always escalate.

Victims of domestic violence and the general public are becoming more and more educated as to the effects that it has, as well as what options are available to them. In Oscoda County as well as Ogemaw, Crawford, and Roscommon counties, we are fortunate to have the River House Shelter for victims of domestic violence. This agency has developed an extensive outreach program that not only offers services, but educates at the same time. The River House has been an invaluable tool in dealing with domestic violence and continues to be a safe port-in-the-storm for those who are victimized.

We, as a nation, are beginning to learn that domestic violence cannot be tolerated and that the damage it causes in the family setting can be devastating. All of us must commit ourselves to dealing firmly with those who would, for whatever reason, destroy the family unit by resorting to violence... there is no family or family member that is not affected when domestic violence raises its ugly head.

# School Board scales down proposal for extra classrooms

**By Kate Rowan**

The Crawford AuSable school board approved to put an \$8.7 million bond issue up for public vote on December 15.

Although the public did not appear interested in improvements with the failure of Vision 2000, superintendent Kent Reynolds said at the October 19 school board meeting the new proposal is over nine million dollars less, making it more appealing to the public.

"Vision 2000 took care of all of our needs for at least 20 years," Reynolds said. "This new proposal only handles the immediate needs of our district due to growth."

The school district, overall, has existing adequate space for 1,679 students. There are already 2,022 students in the district with a five year growth projection of an additional 414 students. Phase one of the new bond would make space for 800 students.

Reynolds estimates this bond would charge tax payers a .5 mill increase over the next 20 to 25 years. This cost would be approximately \$10 a year on a \$40,000 home. The operational millage, however, would consist of approximately 1.5 mills if the bond passes.

Phase one of this bond issue covers additions and restorations to the current elementary schools and a lower elementary facility would be built as an addition to Grayling Elementary School with this proposal.

The new elementary school would be built where the football field is currently, behind Grayling Elementary School. The proposal would also move the football field and track and erect a new stadium by the high school.

Phase two of the bond issue, which would not be voted on until 1996, would move on to cover improvements in the high school. These improvements and renovations would actually benefit middle school aged children, adding space for middle school classes. The high school will, however, remain untouched now if the December 15 proposal passes.

The school board will have a private meeting on Nov. 2 to finalize wording of the proposal and officially declare the voting date.

### GANG RUMORS

Grayling High School principal Carl Naghtin attempted to clear up rumors of gangs at the October 19 school board meeting. In front of several concerned parents and media representatives, the principal discredited rumors of weapons and violence in the high school.

"We have had no incidents of violence at the high school, and we haven't even had serious verbal conflict," Naghtin said.

Rumors of gang problems started when two groups, involving a total of 10-12 persons, began harassing and calling each other derogatory names. Rumors of threats increased when a pellet gun was found by law enforcement officials at the football field on Tuesday, Sept. 29. The student who allegedly possessed the gun is no longer attending Grayling High School.

In response to this incident, individuals from the two groups in supposed conflict were called into the GHS office for a discussion on October 2, and tension seemed to ease after this step was taken, according to Naghtin.

The school's faculty was kept aware of and updated on the situation as these events took place. Parents of the children involved in this discussion were sent letters regarding the recent incidents.

After the situation had calmed down, four students allegedly stole a vehicle and a gun and drove it out of state, once again heightening rumors, said Naghtin. These students were arrested and brought back to the area. None of them are currently attending school.

The only other actual incident involved a pocket knife. The knife was being used to turn off key-activated lights by a student who then supposedly threatened another student with it. The weapon, which had a one-and-a-half-inch blade, was confiscated by district officials. Although the student pleaded that he had no malicious intent with the weapon, he was suspended.

Superintendent Kent Reynolds said the school district is not taking any of these incidents or rumors lightly. He said the Crawford County Probate Court, Sheriff Department, and Grayling City Police have spent a lot of time investigating incidents which have taken place outside of school.

"The bottom line is we do not tolerate any intimidation or threats," said Reynolds. "There are a lot of rumors but the fact is we have had no fights or even verbal arguments. We are watching for it and we have followed every single rumor."

Reynolds said many of the rumors are being spread by middle school students and parents who are not at the high school. He said most of the high school students will tell you those rumors aren't true.

Extra police officers were on hand for the Friday night Homecoming game but the nasty weather was the only thing out of line at the game.

Parent Bill Ramsey voiced his concern at the school board meeting that the parents were not notified sooner on this issue.

"The parents were informed after the fact," Ramsey said. "No parents

## Police set 6-8 p.m. for trick-or-treating

The Grayling City Police recommend this year that Halloween Trick-or-Treating activity be between the hours of 6 and 8 p.m. Saturday, October 31. Area residents are requested to leave their porch lights and yard lights on to increase safety. Motorists are asked to be watchful for local "Gremlins" especially during these hours. Those participating in Trick-or-Treating are asked to wear light colored clothing, face masks should not restrict vision, and parents are urged to accompany their little people.

The Crawford AuSable Elementary School Halloween Parade is scheduled for Friday, October 30, at 1 p.m., weather permitting. The route will remain the same as previous years, which is from the Elementary School down Michigan Ave. to Peninsular St. returning by the same route back to the elementary school. Mercy Hospital will be using an

### GHOSTLY ADVICE FOR TRICK-OR-TREAT SAFETY

- Plan your route ahead of time on well-lighted streets.
- Try to trick-or-treat before dark.
- Wear bright costumes with reflective tape so drivers can see you.
- Carry a flashlight to see or be seen easily.
- Wear makeup instead of a mask so vision is not obstructed.
- Cross streets only at corners. Avoid crossing mid-block and never dart out from between parked cars.
- If there is no sidewalk, walk facing traffic.
- Let parents inspect treats before eating them.

## Local candidate sees education as solution to most problems

Grayling residents Tom and Nancy List recently travelled to Washington, D.C. as delegates to the National Convention of the Natural Law Party, "the newest and fastest growing political party in the U.S."

Natural Law Party Presidential Candidate Dr. John Hagelin, a distinguished Harvard-trained nuclear physicist, presented his economic revitalization package which promotes scientifically validated solutions to the nation's most pressing problems.

The Natural Law Party holds that the solution to all our national problems ultimately lies in proper education. Nancy is a candidate for State Board of Education because she is "convinced that the Natural Law Party has real solutions to the problems facing education today."

Nancy earned her B.S. in Art Education from Kutztown University, in Kutztown, Pennsylvania, in 1965, and taught art in the Philadelphia inner-city schools. She is a ceramic artist and works as a lab-aid at Kirtland Community College. Her husband, Tom, is running for U.S. Congress.

According to a recent U.S. Department of Education estimate 40 million Americans cannot read or write

beyond the fourth grade level, and approximately 60 million more are marginally illiterate. One out of every four students today drops out of high school.

"Our most under-utilized national resource is the human brain physiology of our 250 million citizens," Nancy remarked. Research has shown that with our current educational system, intelligence freezes at adolescence, and we use at most 5% to 10% of our mental potential. The Natural Law Party promotes proven educational programs that develop intelligence and creativity, and supports the following initiatives:

- Fully fund the Head Start program, to give all eligible children an opportunity to excel at an early age.

- Provide support for every student who wants to go to college. Government loans can be repaid after graduation, either through mandatory salary deductions or through community service.

- Create a National Apprenticeship Program, by bringing together business, labor, and educational leaders to develop a system that offers training in a valuable skill for students who are not college-bound.

According to official estimates, illiteracy alone costs the national economy approximately \$224 billion annually. Introducing the programs proposed by the Natural Law Party into all schools and colleges would cost about \$2.5 billion. Nancy emphasized, "These programs will not only solve the problems of education, they will also solve the problems of our national by developing our most significant latent resource—the minds of our youth."

Anyone who would like more information is invited to call Nancy for a free copy of the Party's Platform.

Ramsey said that the students are put into the care of the school during the day and the parents should be brought in on the first notice of a problem which is not academic.

Naghtin restated that a very small number of people were involved in these incidents.

"Two percent of the students are getting 98% of the publicity," he said.

Ramsey said that although there may not have been any incidents of violence yet, the students are afraid of something.

"Nobody has been hurt yet, and nobody has been attacked yet, but there are scared kids in school," he said. "We don't need scared kids anymore than we need hurt kids."

# All players are important part of team

In the October 15, 1992, Avalanche, Elizabeth Galloway says that she believes that politics plays a large part in who gets playing time on our football team. I can't necessarily agree with that. My son, Matt, is a senior and has seen limited game experience this year. At times, he has expressed his frustration at his "second string" role but I have encouraged him to keep at it and work hard in practice, telling him, "your turn will come."

That has proven to be the case as he has been called on to play more the last few games. Regardless whether he plays only one play or is on the field a lot, I'm proud of him and what the team has accomplished. Because of the depth of this writing) and the players who play very little are as much a part of that as those who play 48 minutes a game.

When I played high school football, I was on a mediocre team but the fondest memories I have are when we fouled an upset of our closest rival in my sophomore year on the JV squad. The only time I got into the game was on the kick return team and that might have been three plays but I was part of the team and I'll never forget that game. I picked up a lot of splinters in my derriere as I was a quarterback and

the coach's son was too. Talk about frustrating situations. I got my minutes like a lot of players do. When the team is way ahead or way behind.

I noticed that when Grayling played at Rogers City on Oct. 9th, a great many players who don't play much got in and many of them were seniors. For example, a certain junior who hasn't seen much PT got in and caught a pass, his first. He will remember that for the rest of his life.

This is not to say that there are not inequities in any of our sports programs at Grayling High. Some coaches have done an excellent job and some have not. The idea behind high school sports is to give as many students as possible a chance to participate and I am happy to see that the coaching staff chose not to cut anyone on either the JV or Varsity. While some of them see very limited playing time, they remain an important part of the team and I'm sure that if you ask them ten years from now if they feel that the experience was worth "being a tackling dummy in practice", they will say that it was and be able to tell you a story about that 1992 Championship Season.

As my son leaves the sports program at Grayling High School, I am glad that he has a positive experience to take with him. I think that everyone in

the school district should be proud of what this team has accomplished. Congratulations Coaches Larkin, Ferguson, Branch and Diola. You've

done a great job.

## Lowe won Republican nomination fair and square

As a friend and supporter of Ralph Ostling for many years I was surprised to be shown a news clip in which the Democrat candidate for the State House of Representatives apparently says that former Ostling supporters are now supporting the Democrat. Allen Lowe won the Republican nomination and he won it fair and square. I have known Allen and his family most of his life and I am pleased to be able to support him for election to the State House.

For his opponent to imply that Ralph's former supporters are now in the Democrat camp is just a far-out wish of the Democrat candidate. I'm sure that Lowe's opponent has some Republican friends who may be supporting him just as Allen has some Democrat friends supporting him. There were many Democrats who supported Ostling over the years. Beyond that these statements by the

gentleman from Gaylord are just the kind of election year rubbish that we are all EXTREMELY TIRED OF!

Arthur R. Thayer

## Weiss offers economic representation for our district in state house

Again, this week, 10-15-92, the Avalanche has high profile coverage of Allen Lowe as our "hometown boy" running for State Representative of the 105th District.

Until recently, Mr. Lowe, in fact, did not own property in the 105th. His business is not located in the 105th. His minor children attend private, parochial school out of the 105th. Until 1991, Mr. Lowe had not been a resident of the 105th for more than twenty years!

## Good-ole-boy system has lost its appeal

I would like to respond to the gentleman voting for a personality with ability. The year 1992 is bringing a new era in America. The Good-Ole-Boy system of big smiles and back slapping has lost its appeal. We need a

representative with integrity, ability and personality. Allen Lowe has each of these qualities and he has my vote.

## Police officer tired of uniform being misrepresented

It is my understanding that we have a new regular deputy in our department. Of course, I'm referring to Jerry Hodder, a sheriff's department reserve. In the past years a reserve was a civilian assisting the regular deputies in a limited capacity, not a police or corrections officer. Well, from reading Hodder's campaign pamphlet and seeing the photo, it appears that he is and has been a deputy sheriff for quite some time.

I don't want any misunderstanding, I am an avid supporter of the reserves and the reserve program, but in this case, Hodder is not only misrepresenting himself to the public with his picture, but in his statements in the pamphlet and the Avalanche. I feel Hodder is using the uniform and the sheriff's department for personal and political gain. He was sworn in as a reserve officer on May 7, 1992. If

that doesn't explain in itself what he is doing, then I don't know what does. It is obvious to me and several others that he is misleading the public into thinking he is and has been a deputy sheriff in our department.

I for one, and I think several other officers, both past and present, can testify that we work hard to obtain our goal to become a police officer or corrections officer. Because of this, when we see someone like Hodder, who in fact, has never worked a day in his life as a certified police officer, and then using our department as if he has been working here...well, this is just plain and simply going too far.

I have worked 14 years as a state certified police officer. I'm tired of the uniform being misrepresented. I would like to request that Mr. Hodder be terminated as a reserve officer immediately. I think Hodder should

handle his political endeavors in another way. Mr. Hodder is not only a poor representative of the Crawford County Sheriff department, but he is actually not one in the first place.

Mr. Hodder needs to understand that professional and respect don't come from throwing on a uniform and having your picture taken. It comes from hard work and years of experience in a given field. Apparently, Hodder does not respect the uniform or the people behind it.

## Officer believes volunteer position may be misleading

I am writing not to endorse any candidate for political office, but to set the record straight on an issue that strikes very close to home with me. The issue I am referring to is the candidacy of Jerry Hodder for Crawford County Sheriff. I am a deputy with the Crawford County Sheriff Department and take great pride in my profession and title. I have been a road patrol deputy since July 1988 as well as holding an associates degree from Northwestern Michigan College in Law Enforcement.

Mr. Hodder does state his position with the sheriff department factually, but in a very misleading manner. Mr. Hodder is "a Crawford County sheriff deputy with the title for "volunteer." Mr. Hodder is a civilian who volunteers time to the sheriff department. Mr. Hodder is not a police officer and has only been volunteering since May 7, 1992.

I am an avid supporter of the reserve program. I am a past member of a reserve program. On most Friday and Saturday nights you will find a reserve deputy in the passenger seat of my patrol car. I fully understand from the perspective of a past reserve and police officer of the hard work and dedication police officers perform daily to present themselves to the public as professionals. I know Mr. Hodder has never been the passenger in my patrol car and I believe to the best of my knowledge in any patrol car since becoming "a Crawford County sheriff deputy with the Crawford County Reserve Division" on routine road

## Leave jackets for team members

We don't like to be negative in the wake of the big victory but there is something that we feel must be addressed.

On perhaps the worst weather night of the football season, we witnessed several adult fans wearing the cold weather rain gear which is provided for our football team. Because of this some of our players stood on the sidelines soaking wet with no way to get out of the bitter blowing snow. Early in the game we saw some of the players looking in the box for the jackets but they were all gone.

By simply counting jackets and players it is easy to realize that there are not enough for all the players but those we have should be used by the players, coaches, cheerleaders; in other words, those officially connected to the team.

With so many negative things happening in our school these days, we have a tremendous football team. Young men who represent their school in the best possible manner. Let's support them and remember, they are our children and the only reason that we are there.

## Working together makes Grayling a special place

It is indeed a great honor to be named "Citizen of the Year" for Crawford County and certainly not possible by any one person's efforts. During the past nine years, I have worked with many dedicated people in our community — many of whom have already received this recognition,

first hand national experience with that!

Tom Weiss is a veteran of Vietnam. Allen Lowe has no military experience. Currently there are about 25 teachers and 21 lawyers in the State House of Representatives. It is time for economic representation and Tom Weiss can give that.

I support Tom Weiss and I urge you to vote November 3.

## Almanack

### The wonder of politics

ONE OF THE WONDERS of politics and politicians is the exaggerations that are uttered in sincerity, and hardly ever challenged.

Democratic candidate Bill Clinton provided an easy example in his recent appearance at Michigan State University.

Mr. Clinton outlined his National Service Trust idea, which would enable young Americans, regardless of income, to go to college with a federal educational loan; after graduation, the student would either repay the loan in cash payments or put in two years in some sort of service job.

"If every person in the state of Michigan had a college education financed by the National Service Trust and paid it back," said Mr. Clinton, as quoted in the *Lansing State Journal*, "we could solve half of our social problems, rebuild our cities, take care of the elderly, the people with disabilities, give our kids in trouble a better shot at the future, and educate a whole generation of Americans."

THAT'S QUITE A WINDFALL from application of the Clinton education program in Michigan. Think what great rewards could be achieved if the program were used in other states, too.

If it were extended only to Ohio, say, then the Clinton program in Ohio and Michigan alone could solve all our social problems—half by Michigan students, half by Ohio students.

Mr. Clinton did not indicate what

problem-solving wonders students in California or Texas or Indiana would perform.

Who wouldn't support a program like that one?

Actually, the Clinton education loan program sounds pretty good. Money invested in education usually is returned many times over. But whether it could perform all the wonders Mr. Clinton described to his MSU audience is doubtful.

CANDIDATE CLINTON also talked about protecting the environment without unduly restricting the economy. Again quoting from the *Lansing newspaper*, Mr. Clinton said:

"If more of our automobiles burned American natural gas instead of Mideastern oil, we'd have cleaner air, a stronger economy and more jobs."

How creation of American jobs and strengthening the economy relate to using less Mideastern oil is unexplained.

Again, the basic premise of developing alternative fuel for autos is a good idea. But does it need the oversell?

Such bombast is not limited to Mr. Clinton or to one party. Almost every candidate for any office, at one time or another, to one degree or another, can be guilty of overpromising. Some make a habit of it.

Politics — especially campaign politics — is like that. Who will challenge Mr. Clinton's conclusions, for example, even if they don't make sense upon analysis: They sure do sound good, and they rouse an audience.

COLUMBUS IN TROUBLE — In Rock Island, Ill., an advisory group at a Roman Catholic parish has urged the Knights of Columbus to change its name. The group claimed that the Columbus has come to represent "the mentality of domination, racial superiority, and the suppression of minorities."

Leaders of the Kaycees — a fraternal and benevolent society for Catholic men founded in 1882 — fired back. The Knights now have 1.5 million members worldwide.

A statement from the KC headquarters blamed the Illinois committee had "brought uncritically into the ideologically tainted baloney about Columbus."

The KC response blamed the effort on "the neo-Marxist socio-political critique of Western capitalism presently much favored in some liberationist circles."

Well, I don't know about the Marxist implications, but I agree that the legend of Christopher Columbus needs revisiting. How could he have "discovered" a continent where thousands of Native Americans already lived, in North and South America, and Central America as well?

As far as I'm concerned, the Knights of Columbus should keep their name . . . but spare us from blaming neo-Marxists and liberationists for raising a legitimate point.

And happy Columbus Day to all.

## Let's Talk About It

By Joe Murphy

I hope all of you folks that could, took food out to help stock the shelves of the Christian Help Center. This could be a bad winter for a lot of families where the bread winners are unemployed and their unemployment benefits exhausted. The saying, "A recession is when your neighbor loses his job, a depression is when you lose yours" is very true. For those who are out there looking every day for jobs that can't be found, these are depression days as real as those days back in the thirties. In many ways it is even worse for then no one seemed to have anything. Now to those with good jobs it is a time of prosperity, while those without jobs fight poverty. So let's keep that food center well stocked so hunger will not also be added to their burdens. Helping each other through the rough road of life is what the brotherhood of man is all about.

In the big depression of the thirties hunger for many was a real and constant way of life. Before the days of school lunches, many children came to school with no lunch at all. How could children with hunger gnawing at their guts be expected to learn much from their days at school? Many of the children of that era, while they survived to adulthood, paid the price of poor nourishment in days of childhood with failing health and early death. In the old days up at Frederic my folks had a lot of mealtime visitors. But Mom could always come up with enough food to send them on their way with a full meal under their belt. The old lumberjacks living out their final years were always welcome to join

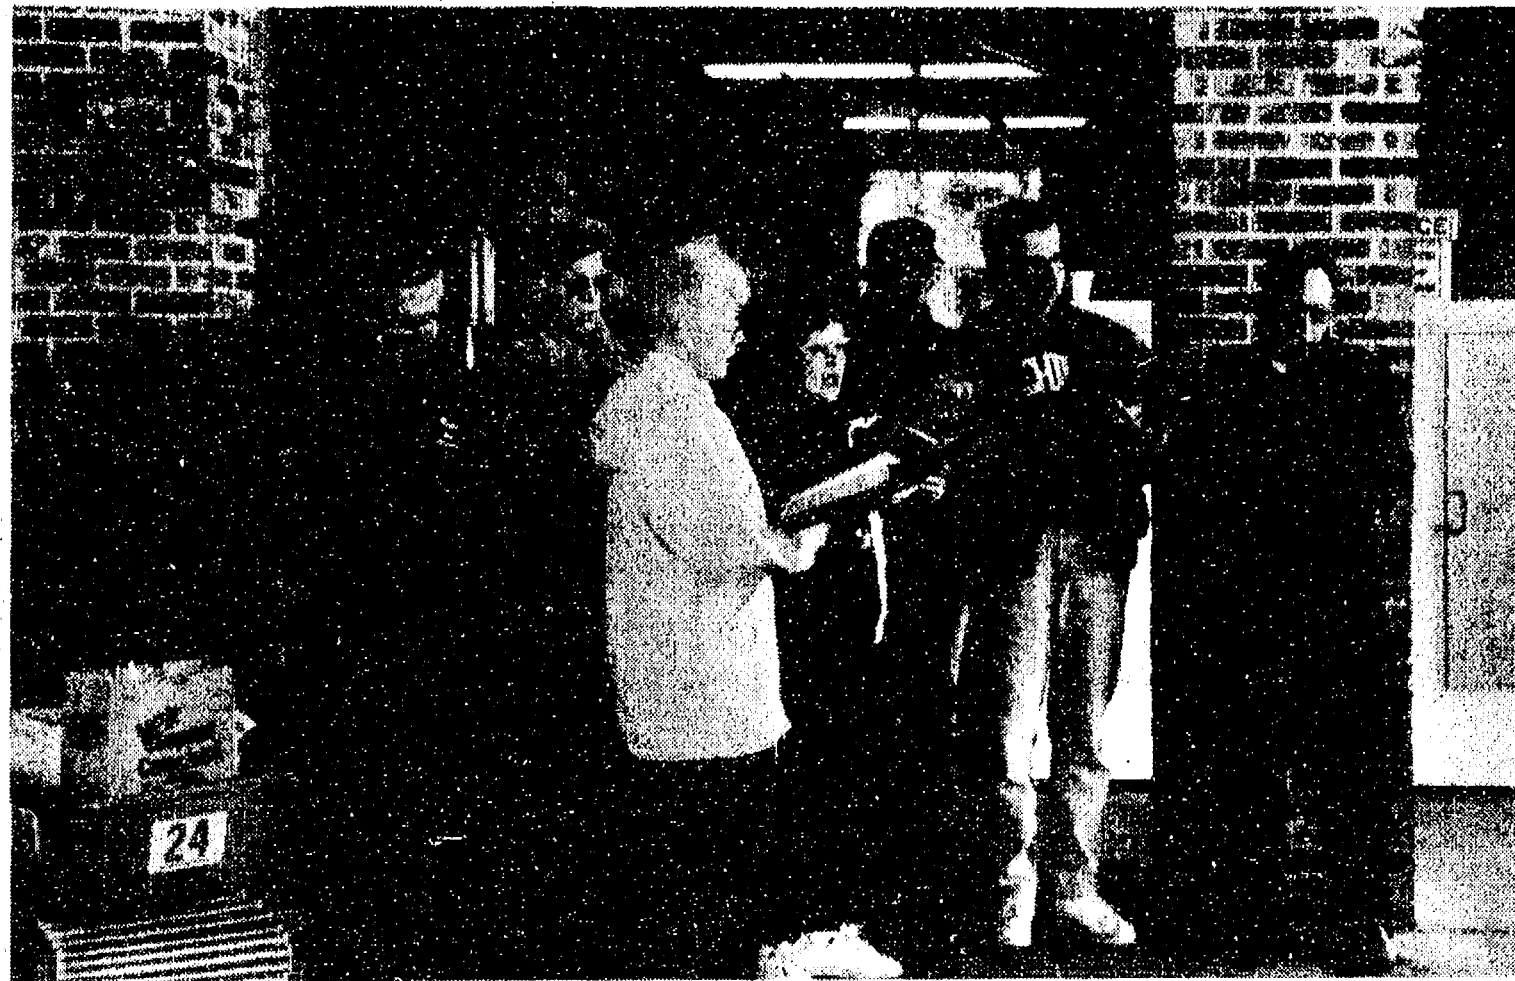

us at the table.

Quite frankly, I can't understand why with so many wild turkeys out there that the DNR is so reluctant to have them harvested. It seems everywhere you go in the woods you see turkeys or their sign. I would say that if we have a real bad winter, we would lose a lot of them. I can go out and kill a ruffed grouse, which is almost a thing of the past today, but turkeys which are plentiful are protected except to the few permit holders. I know that I see many more turkeys than I do deer on my drives around here.

Though I do not agree with the modern method of hunting over a bait pile, I am pleased that so many hunters do. With the woods as barren of acorns and beech nuts as it is this year, I am happy so many people are hauling some good food out there. That may give some at least the fat they need to survive the winter.

The old man just took a break with a glass of cider and smoked salmon, good stuff. Last week my son Mike brought me a big salmon he had caught. I took one side of it and after soaking it overnight in salt water, I washed and dried to remove the excess salt, and smoked it in hickory smoke for about ten hours. It turned out just right as far as I and everyone who tried it are concerned. So if he can catch them, I'll be smoking a lot more of them.

## Food Drive a success

It is with much appreciation that I write to commend the Christian Community of Grayling, for their support of "Choirs Held Hostage." This event, held Saturday, October 10, at Glen's parking lot, was sponsored by the AuSable Ministerial Association.

As choirs sang, 3 pick-up trucks were filled with groceries and \$221 was donated. I would like to "thank" the Ministerial Association, WQON, Glen's, The Avalanche, and all of you who supported the "Crawford County Christian HELP Center!"

— so generously. Please stop in to see us! Hours are Monday, Wednesday, Friday from 11 a.m. to 3 p.m.

## Don't criticize unless you are willing to do a better job

I rarely feel that critical people need be answered to. I also believe that you should criticize no one unless you are willing to do a better job than they are. The volunteers at the animal shelter are extremely valuable. No one is paid for the time they give. They must receive their gratification from dog kisses and in finding new homes for our charges.

Recently, a visitor to the shelter became very angry with the way one of these selfless volunteers handled an animal. She accused Loretha of being "cruel." How could a person who gives five to seven days a week of their time be cruel? This is the same volunteer who has nightmares when these animals must be killed.

Cruelty is not throwing a kitten out the door when he continues to crawl all over you no matter how many times you put him down. Cruelty was dumping this same kitten along the road. Cruelty is going on vacation and leaving a dog behind with a face full of porcupine quills and someone bringing

him to the shelter when there are finally thousands of maggots crawling in and out of the holes in his body. Cruelty is allowing females to have babies every time they can, not knowing what will become of them — and not caring.

I do not believe the person who accused Retha of being cruel has ever seen true cruelty. You cannot always handle animals with kid gloves, just as you can't always handle your children that way. Some times you must be strict for their own good.

The animal shelter has lost a valuable, caring volunteer. I hope Retha changes her mind and comes back. Because of this one person's criticism I am now tied to the shelter all day. If I have any running to do, the gates will have to be locked. I am also going to have to work harder as Retha

helped with a very large part of the cleaning and feeding. Last of all, the animals will receive much less attention because she was always hugging and petting on them.

When I took this project on, I planned on having to do it alone. I have been thankful for the few people who have found it within themselves to give their time and energy to the homeless pets of our area. I have heard a lot of criticism, but I have also seen a lot of wonderful things happen. Those who have been critical have not stepped forward to show us a better way to do things. Thank you for letting me say my peace and rid myself of some of my frustrations.

## Senator aide says flip-flops on issues

Voters should be very cautious and skeptical of a candidate who flip-flops on key issues. State legislative candidate Tom Weiss is flip-flopping on the abortion issue. As Campaign Director to his opponent in 1990, I saw Mr. Weiss debate five times when he ran for a Senate seat that was considered to be one of the most pro-life districts in the entire state. In that election Weiss ran as a **pro-life** candidate.

The political winds have shifted. It was clear from the Democratic National Convention that pro-choice feminists now constitute the most aggressive faction of the Democratic coalition. Weiss now favors the **pro-choice** argument on abortion. I wonder

if the reason Tom Weiss has flip-flopped from his position is a genuine change of heart or whether it's a calculated move to gain votes?

If we can't trust Weiss on this issue, can we trust him on others? What other issues will he conveniently flip-flop on?

## When it comes down to schools, reader votes her purse and it says no

This letter is to stick up for us taxpayers, who for years have lived in Crawford County, and I along with many others have paid taxes and more taxes in our property tax. I'm not talking about acres, I'm talking about one tiny lot!

It is "NOT" that we are denying kids education, it's "We can't afford any more taxes." Can't you people see? Or are you blind as well as deaf? Enough is enough.

You keep cramming these elections down our throats, time after time, which I might add, don't come cheap. You just keep hoping if you try often enough, we'll get tired of them and

vote yes — well think again. I will continue to vote NO. We live on a budget and it tells me what I take in and what's going out, and there's no room for more taxes. I don't think I'm alone in this way of thinking either.

As my husband and I have raised four children in this school system — I don't think you have the right to say "we don't care." That's bull crap! You don't know what we make, or what bills we have to pay. Did you ever for a minute — stop and think — that maybe people just can't afford it? And not that we vote no to education? Think about it. Are you rich? I'm not. In response to "getting the facts,"

I'm not as concerned with the facts as I am in whether I can afford more taxes, and the answer is I can't. If you think it wouldn't cost me anymore if the millage went through, I would be willing to vote yes. If you would pick up the difference it would cost me, but I'll bet you wouldn't do that, would you? You could even claim it on your income tax.

I haven't been to the high school for a few years, but the last time I was there, there was hall to hall garbage, food fights in the cafeteria, doors off the woman's bathroom. Not a pretty sight. This is what we're supposed to pay more taxes, another high priced junk yard.

Kids don't care anymore (most of them anyway) about other people's property or feelings. They don't have respect for their elders. They think this world is a bowl of cherries, and it's gimme this, gimme that. They don't know the value of a dollar, nor do they care.

Also, while we're on the subject of education, why is it more and more kids are graduating, that can't read, write, or spell? If you don't believe that's so, try reading some job applications sometimes. It's really sad to see this.

I'm getting very sick of hearing, "You don't care." That's not true, but when it comes down to it, I vote my purse and it says NO.

Also, to the letters concerning about some kids not playing in sports, even though they go to all the practices etc. Well, it's true. I know this for a fact, as it happened to our sons as well as our nephew? It's not how you play or practice, it's who you are!

### Wood burning safety tips offered to residents

The wood burning season is once again upon us, and the Weyerhaeuser Grayling Safety Committee wants to remind you of some simple safety precautions.

1. Inspect your wood burner for any cracks or defects.

2. Inspect your stove pipe and chimney, make sure they are clean and intact.

3. Keep a fire extinguisher close by.

4. Have a smoke detector on each floor.

### Attention - 4th District

I am sure many of you have asked yourself; what makes a housewife **presume** that she could hold public office?

**In the real world** - as in Crawford County homemakers do many things. We make decisions, plan and manage budgets, are purchasing agents, teachers, counselors and chauffeurs. We run a laundry, a cleaning service and prepare meals. We also have time to volunteer at churches, schools and hospitals. We join political parties and serve on their boards. We take on large companies when they threaten our children and we must express our concerns when our county is in trouble. We step into the political arena when we discover commissioners have made decisions in our behalf that could threaten our way of life. The safety of our families is threatened by the lack of man power in our law-enforcement. Our beautiful lakes and rivers are threatened with pollution and our landfill has joined the national list of landfills sold, but to **whom!**

We need a board that will respond to the needs of Crawford County in a **moral and ethical** manner. **COOPERATING WITH EACH OTHER NOT FOR PERSONAL GAIN BUT FOR THE GOOD OF THE COUNTY.** If you would like a change, obtain a sticker and vote for Lynnette Corlew.

## Binsfeld returns to Grayling to campaign

Lieutenant governor Connie Binsfeld will be in Grayling stumping for Republican candidate Allen Lowe on Tuesday, October 27. She will beat Chief Shoppenagons for the 8 a.m. meeting of the Grayling Uptown District Association. The public is invited. From 9:15-9:45 the Lieutenant Governor will be at the Grayling High School with Lowe speaking to high school students.

At 10 a.m. Lowe and Binsfeld will meet with senior citizens at the Senior Center. For anyone desiring further information, call 348-6197.

Last Friday, October 16, Art Ellis, Director of the Department of Commerce, made a tour of the 105th State House District, to campaign for Lowe.

The four-county tour began with a breakfast at the Holiday Inn in Grayling with several area businessmen. From there, Ellis and Lowe travelled to

Antrim, Kalkaska and Otsego counties.

Ellis, who was formerly with the Senate Fiscal Agency, also took a moment to speak on behalf of Proposal C, which would cut property taxes and cap assessments. "Many people are confused and think that schools will suffer if this proposal passes. But, under the provisions of this ballot issue, the state must make up any loss of revenue for our schools," Ellis said.

About Lowe, Ellis said he was the best person for the job because "his plans for economic renewal will bring jobs to northern Michigan."

Ellis' trip to northern Michigan was the third trip this week by a department head. Earlier, Doug Roberts, State Treasurer, and Pat Nowak, director of the Department of Transportation, also made campaign stops in the area. Lowe, a local attorney, is the Republican Candidate for the 105th State House Seat.

## Karsten, Kernstock wed

On Saturday, September 26, 1992, Barbara Karsten and Brian Kernstock pledged their lives as one at Mt. Hope Lutheran Church in Grayling.

Barbara is the daughter of Patrick Karsten of Taylor and Kathleen Karsten of Grayling. Brian is the son of Don and Linda Kernstock of Grayling.

Standing as the maid of honor was Cari Dougherty of Higgins Lake along with Rochelle Stallard and Danielle Hunter as bridesmaids, both of Grayling. Standing as the best man was Ron Wyman along with Nate Ginther and Brent Kernstock as groomsmen, all of Grayling. Adam Karsten and Brent Kernstock served as ushers as well.

Everyone joined together for an afternoon reception at the Eagles Club, catered by Bears Country Inn.

## GHS presentation helps students select colleges

"How to select and Prepare for College" is a public service presentation by Oakland University for high school students and their parents. Mr. Klinger, high school counselor, has invited Mrs. Anne Sandoval, admissions counselor from Oakland University, to make a presentation. She will discuss how to select a college, how to select a college major, how colleges select students and how to apply for scholarships and financial aid. Her presentation is for all college bound students and their

parents who attend Grayling High School.

This meeting will be in the Grayling High School Auditorium on Tuesday, October 27, from 7 to 8:30 p.m.

## Schmitz, Branch married

St. Mary's Catholic Church in Westphalia was the scene Friday evening, July 24, 1992, of the marriage of Anne Marie Schmitz and Jeffrey Francis Branch.

Anne is the daughter of Donald and MaryLou Schmitz of Westphalia. The bridegrooms parents are Michael and Dianne Branch of Grayling. The bridegrooms grandparents are Phil and Pauline Gross of Higgins Lake and Mr. Frank Branch of Stuart, Florida.

Father James Novak officiated at the wedding mass. Escorted to the altar by her father and mother, the bride wore a white organza gown with a sweetheart neckline, trimmed in brocade lace with pearls and sequins. She carried a bouquet of white orchids and dandrobian lillies. For a special touch during the mass, Jeff's grandfather, Mr. Frank Branch, sang Ave Maria, Panis Angelicus and Sweet Mystery of Life.

The maid of honor was Karen Seefeld of Lansing, sister of the bride. She wore a navy full-length sheath dress with a white portrait collar. Her bouquet featured a cascade of fucia colored lillies, jaffet orchids and dandrobian.

Mrs. Linda Bradley of Largo, Florida, the brides sister, and Miss Jennifer Ann Branch of Cadillac, the grooms sister, were bridesmaids. They also wore navy full-length sheath dresses with white portrait collars.

The groom greeted his bride at the altar in a black tuxedo. Mr. Matthew Branch, best man, assisted the grooms-men, Steven M. Branch, brother of the groom, and Mr. Bill Schmitz, brother of the bride. Mr. Todd Klinger of Grayling and Mr. Roger Bears of Bad Axe were ushers. All wore formal black tuxedos and white rose boutonniere.

A wedding reception dinner was served to 350 guests at the St. Mary's Church hall adjacent to the church. The reception hall was completely decorated in miniature white lites and toile.

The newlyweds honeymooned for two weeks in the New England states. The couple will reside in Bad Axe. Jeffrey is a 1985 graduate of Grayling High School and graduated from Central Michigan University in 1989. He teaches and coaches at Bad Axe School.

Anne is a 1992 graduate of Central Michigan University and majored in Corporate finance and accounting. She is employed at Hyzer, Hill and Kuzak C.P.A. firm in Bad Axe.

## Cook earns MTU honor

Yes I am running as a write-in candidate for Beaver Creek Township Supervisor. I still believe I can offer more to the voters of this township than the other two candidates. I have been a part of the development of both the fire department and the recreation area and I would like to see measured progress continue into the future.

My term as a county commissioner gives me the experience that the other candidates do not have. The current Board of Commissioners has made several tough decisions that will have a positive effect on the county for many years to come.

If you the voters, have any questions about my actions as a county commissioner, what I have worked to accomplish in the township or what I have in mind for the future of Beaver Creek, please feel free to call me at my home. The number is 275-9913.

Because my name will not appear on the ballot I have asked the following people to be available by phone as much as possible, to answer your questions. If you need to know how to write-in my name election day they will do their best to help you.

I will do my best to contact as many people in the days before the election as I can. I hope you share my enthusiasm for a better township. I sure would appreciate your vote on Nov. 3, 1992.

Sincerely,  
Lee Riley

Anyone interested in joining the fair board is invited.

## CRAWFORD COUNTY SHERIFF

DEMOCRAT

Jerry Hodder would bring to the Sheriff Department a **decisive, honest, hardworking** sheriff who can work within budget and with commissioners as well as all citizens of Crawford County. Hodder is a successful businessman with 20 employees. He has 4 years combat service in the U.S. Marines, 16 years in Reserve National Guard Units, as well as 30 years as an engineer with General Motors.

His Undersheriff, **Floyd Millikin** will bring 28 years of law enforcement experience and **professional police management** skills. Together they can provide the best law enforcement to the citizens of Crawford County and operate within budget.

Our opponent suggests a need for a sub-station to provide better coverage to outlying townships. Are we going to pay rent at Dewey's store? We propose keeping the officers on patrol and staggering shifts to insure coverage at all hours. There are no monies to operate a sub-station and with the shortages of manpower, who would operate it?

## VFW meeting November 5th

The V.F.W. Post and Auxiliary will hold their November meeting at Ernie Hale's home on East M-72 two miles from Grayling on the 5th.

Their craft exhibit at the American Legion Hall will set up at 8 a.m. and open from 9 a.m. - 5 p.m. on November 7.

On November 11 at 10:30 a.m. the Post and Auxiliary will meet at the Copper Kettle to salute deceased war heroes.

The group is hosting a stand at the Grayling rest area offering refreshments for donations on November 12, 13, and 14 and needs volunteers. They also need volunteers for bingo on Sunday nights.

So there's a wedding in your future. We know that there are a lot of plans to be made. You'll soon begin putting lists together. Stop in at the **Avalanche** and see our wedding books from Tempo & Regency, bringing you all the latest in Wedding Stationery and accessories. Stop in at the **Avalanche** office, or call 348-6811 for more information.

**HOSPITAL VOLUNTEERS**--Pastoral caregivers at Mercy Hospital include a group of dedicated volunteers who offer communion and make initial visits to patients. Pictured from left are volunteers (front row) Olga Zrebski, Chaplain Sister Rosemary Mulcahy, OSM, Thelma Ama, Georgana Salvati; (back row) Aimee Dustman, Barbara McDonald, Clara Kozlowski, Fran Polgar, Martha Eckhardt, Josephine Cerven, Bob Guy, Barbara Guy, Bill O'Mara, Rita McEvers, Agnes Trudgeon and Mary McReynolds. Not pictured are Fran Bassett and Pat Fowler.

## Volunteers help healing process

Mercy Hospital/Grayling will be among many institutions nationwide celebrating National Pastoral Care Week October 25-31. The theme of this year's observance is "Stories of Healing."

"Healing is often more than merely a physical process," said Sister Rosemary Mulcahy, OSM, Chaplain at Mercy Hospital. "In the field of pastoral care, we encounter many situations that are forever opening our eyes to the ways healing can take place, including healing in body, mind, spirit and family. During this week we are encouraged to think of and tell our stories of God's presence in our lives

and the many ways he has healed us," Sister Rosemary commented.

The week long observance, sponsored by the Congress on Ministry in Specialized Settings (COMISS), highlights the work of pastoral caregivers in such places as hospitals, prisons and nursing homes. COMISS is a coordinating agency that seeks to coordinate religious groups and pastoral care organizations nationwide to promote spiritual values as part of the healing process.

During National Pastoral Care Week, Mercy Hospital will celebrate by inviting staff to participate in a

Memorial Service on Monday at noon in the hospital Chapel; hosting a Pastoral Care Volunteer/Staff Tea in the cafeteria at 2:30 on Tuesday, and by providing the local clergy an opportunity for fellowship at a special Appreciation Brunch Wednesday at 9:30 a.m. On Thursday the staff and residents at Mercy Manor will celebrate Pastoral Care Week with an Ice Cream Social at 2 p.m.

"Each of us is a pastoral caregiver in our own unique way," said Sister Rosemary. "So celebrate yourself by recognizing your own goodness during this special week."

## Local Cancer Society urges breast examination

The Crawford County American Cancer Society would like to remind the residents of Crawford County that October is Breast Cancer Awareness month. We all know someone who has been touched by breast cancer and how important it is for self examination and regular check ups.

Women under age 40 should have a breast exam by a doctor at least every three years and have a mammogram by age 40; women age 40-49 should have a breast exam by a doctor every year and a mammogram every 1-2 years; and women over 50 should have both a breast exam by a doctor and a mammogram every year.

The American Cancer Society fully supports the ACR accreditation process and encourages women to seek

out these facilities for their mammograms. If a facility is not ACR accredited, it does not mean that they do not provide quality mammography. It may be that they have not completed their accreditation process or have recently applied to the American College of Radiology for accreditation.

Please do yourself and your family a favor and call today for an appointment. Your doctor will be able to recommend the best medical course to follow for your age group and family history.

## Kiessel, Francis married

Jody Ann Kiessel of Suttons Bay and Joseph John Francis of Grayling were united in marriage May 30, 1992, at St. Michael's Catholic Church. The Rev. Walter Derylo performed the 2 p.m. ceremony at an altar decorated with candelabra and arrangements of white roses, lilacs, carnations and greens.

The bride chose a gown in white satin lavishly trimmed in pearly lace appliques, inserts and scalloped hemline. It featured a sheer yoke with standup collar, fitted bodice, open V-back, leg-o-mutton sleeves, large back bow and full skirt flowing into a chapel-length train. A pearly headband held silk flowers and full veiling of illusion. The bridal cascade was of roses, stephanotis, freesia, tulips and greenery.

Tanja Lawson served as maid of honor. The bridesmaids were Jenny McGregor, Kristin Rothgarber, Nicole Powell, Julie Francis, sister of the groom, Diane Kiessel, sister-in-law of

the bride, and Shantel Strausser, cousin of the groom was the miniature bride.

Kevin Francis served as best man. The groomsmen were Tom Shively, Kerry Harwood, Bob Butler, Ed and Don Kiessel. Dean Drow, cousin of the bride, served as miniature groom.

A reception was held at the Knights of Columbus Hall, Traverse City. Sweitzer's on the Bay was the setting for the rehearsal dinner.

The bride is the daughter of Don and Jan Kiessel of Suttons Bay. A 1988 Suttons Bay High School graduate, she earned an associate degree in business management from Davenport College in 1990.

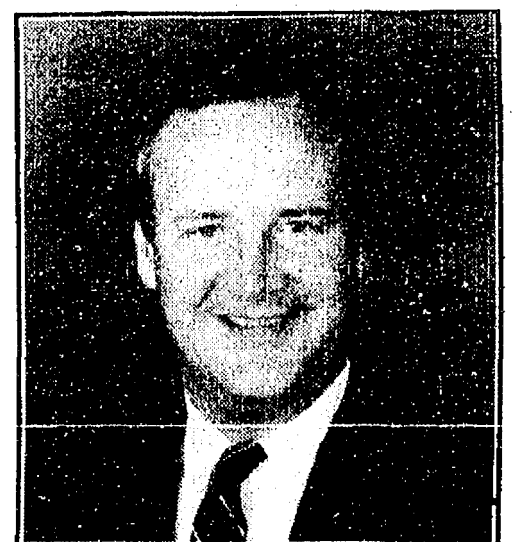

The groom is the son of Tim and Betty Francis of Grayling. He graduated from Grayling High School in 1988 and attended Central Michigan University. The couple manage the Heritage Inn.

Traverse City residents, the newlyweds honeymooned in the Bahama Islands.

## JOBS CREATION

Tom Weiss is a business owner who has created more than 80 jobs for local people. Trained and experienced in finance and economic development, Tom knows how to create jobs. Tom Weiss is the only candidate with substantial business experience, who will use that experience to attract new business and jobs to northern Michigan.

## FAMILY

Tom and Daune Weiss, northern Michigan natives, have deeply rooted family values. Following a tour of duty in Vietnam, Tom met his wife while attending Lake Superior State University, where he graduated with a degree in accounting and finance. In addition to the GI Bill, Tom worked as a laborer, electrician and bank teller to pay

for his education. Tom and Daune have been married 20 years and have three sons.

## COMMUNITY COMMITMENT

Tom uses his substantial business background (10 years in banking as an economic development specialist and 6 years as owner of the Gaylord Holiday Inn) to benefit the community in many ways. Tom provides child care for the children of his employees. He is a member of the Lake Superior State University Board of Regents, where he's served as finance committee chairman. He serves on the board of directors of a locally owned bank and has been a driving force behind the local convention and tourism board which has brought millions of dollars into northern Michigan.

## Frank, Englund married

Melissa Amy Frank of Saranac and Scott David Englund of Grand Rapids were married Saturday, August 1, 1992, at Galilee Baptist Church, Saranac. The Reverend James R. Frank, uncle of the bride, performed the 2 p.m. ceremony. Mr. Bob Bloom, cousin of the groom was soloist.

The bride was attired in an ivory, floor length gown with a square neckline and elbow length sleeves that featured rose accents at the neckline and hemline. A headpiece of fresh flowers secured the fingertip length veil of illusion. She carried a bouquet of bridal white roses, baby's breath and ivy.

Sara Frank served as her sister's maid of honor. Erika Yonker and Teresa Lickfeldt were bridesmaids. They wore matching jade green, tea length dresses and carried pink roses.

The groom wore black pin striped tuxedo with full tails. His best man was Brent Modderman. Dwayne Morse and Steve LeVigne of Grayling

were groomsmen. Jeff Englund, brother of the groom and Josh Frank, brother of the bride, shared ushering duties.

The reception was held at the church following the ceremony. The rehearsal dinner was held at Lexington Suites, Grand Rapids and hosted by the groom's parents.

The bride, a 1990 Saranac High School graduate, is a junior at Grand Rapids Baptist College. She is the daughter of John and Barb Frank of Saranac.

The groom is a 1990 graduate of Grayling High School, attended Grand Rapids Baptist College and is presently manager of Pleasant View Window Cleaning of Grand Rapids. He is the son of David and Judy Englund of Grayling, and the grandson of Mrs. Emma Mattson of Grayling and Mrs. Ruth Englund of Midland.

Following a wedding trip to White Lake and Wawa, Canada, the Englunds are residing in Grand Rapids.

## St. John Lutheran recognizes confirmation

St. John Lutheran Church continued Centennial Sunday on October 11. This day recognized confirmands, from the early years of this congregation to the present, who received instructions in the rite of Confirmation, the outward sign of inward growth and maturity.

The oldest present was Ingeborg Hanson Raac, who was confirmed by Rev. Peder Kjolhede, Danish Evangelical Lutheran Church in 1912. Youngest were Nicole Gingerich and Derrick Abear, who were confirmed by Rev. Robert Gordon, St. John Evangelical Lutheran Church in 1990. (Only the name changed for this same congregation.)

The guest speaker Sunday was Rev. Myron Von Seggern, retired Pastor of

Peace Lutheran Church, Gaylord. He and his wife visit occasionally on Sunday morning and have become true friends of St. John. After service, a light luncheon was served in the fellowship hall.

### Cards of thanks

I would like to thank all our friends, neighbors and doctors and all the Amicare people during my husband's illness and death.

All the pallbearers and my co-workers from Drake's for all the help and compassion. Thanks to Sprenson Funeral Home.

May God bless you all.

# Vikings clinch conference with 53-6 Homecoming win

A snowstorm and strong winds couldn't stop Grayling from celebrating one of its biggest Homecoming victories ever as they blew out Whittemore-Prescott 53-6 last Friday.

Despite the big win, Viking coach Dave Larkin said this Friday's game with Lake City is crucial. He feels Grayling has to win both of its last two games to qualify for the state playoffs. The Vikings are currently ranked fourth in the region in class B in play-off points. The top four teams in the region advance to the play-offs at the end of the regular season.

Against Whittemore-Prescott, Grayling scored on its first possession as it has in six of its seven games. Playing into a 25-mile wind, Grayling drove 58 yards in seven plays for its first score. Senior Jason Brigham ran 17 yards for the touchdown. Senior Jan Karlsvik kicked the extra point. Grayling surprised everyone by passing on a third down and seven situation during the drive. Senior Mike Kirmo passed 18 yards to Mike Branch for a first down despite the gusting wind.

Grayling forced Whittemore-Prescott to punt and got the ball back on its 49-yard line. On the first play Gary Schroyer ran 51 yards for a touchdown. On the extra point, Karlsvik kicked the ball right at the goal post but a gust of wind dropped the ball straight down before it reached the goal post.

Whittemore-Prescott ran the kick-off back to the Grayling 37 before Karlsvik made a touchdown-saving tackle. On a third down and three, Whittemore-Prescott ran the ball in

from thirty yards out for a touchdown. The kick missed to leave the score at 13-6.

The Vikings came back to score another touchdown on a 55-yard drive. Grayling faced a fourth down and four yards to go on its 45-yard line and Kirmo threw a 23-yard pass to Branch for the first down.

"The wind was so strong in our face I thought we would be better off going for it than punting," said Larkin. "We could have lost yards punting into that wind."

After the fourth down gamble paid off, Kirmo threw a touchdown pass to Branch to make it 19-6 with 2:23 left in the first quarter. The kick missed. Grayling stopped Whittemore-Prescott's next three plays and then senior tackle Mike Hartman blocked a punt. Junior defensive back Sean Witucki recovered the fumble on the last play of the first quarter.

Grayling pushed across another touchdown in five plays with Schroyer scoring on a 15-yard run. Kirmo threw to running back Brigham for two extra points for a 27-6 lead.

Whittemore-Prescott moved to the Grayling 40-yard line on its next possession before junior defensive end Scott Gizinski sacked the quarterback on a fourth down pass attempt. After Grayling took over the ball, it only took three plays to score. Kirmo executed the option play perfectly, pitching to Brigham who went untouched 54 yards to the end zone. Karlsvik added the extra point for a 33-6 lead.

On Whittemore-Prescott's next possession, senior linebacker Dennis

Stocker stopped a third down and one play for no gain. Senior defensive tackle Chad Gorman threw the runner for a two-yard loss on the fourth down play, giving Grayling the ball on its opponent's 49-yard line.

The Vikings used five plays to score. A 21-yard Schroyer run and a 32-yard sideline pass to senior Eric LaForest helped moved the ball to the nine-yard line with nine seconds left in the half. Kirmo threw to Branch for the touchdown with four seconds left. The kick made the score 40-6 at halftime.

Junior tackle Loren Lugviel recovered a Whittemore-Prescott fumble in the third quarter that led to the next Viking score. Schroyer raced 57 yards for another touchdown. The kick made it 47-6.

On the first play of the fourth quarter, senior defensive tackle and homecoming king Mark Kraus recovered another fumble. Junior Chris Wolcott then threw a 47-yard touchdown pass to senior Jeremy Bowers and the game was called because of a 45-point mercy rule.

Larkin said the head official had asked him at halftime if he wanted to play by the mercy rule. The Whittemore-Prescott coach had already told officials he wanted to play by the rule. Both coaches have to agree to use the 45-point mercy rule.

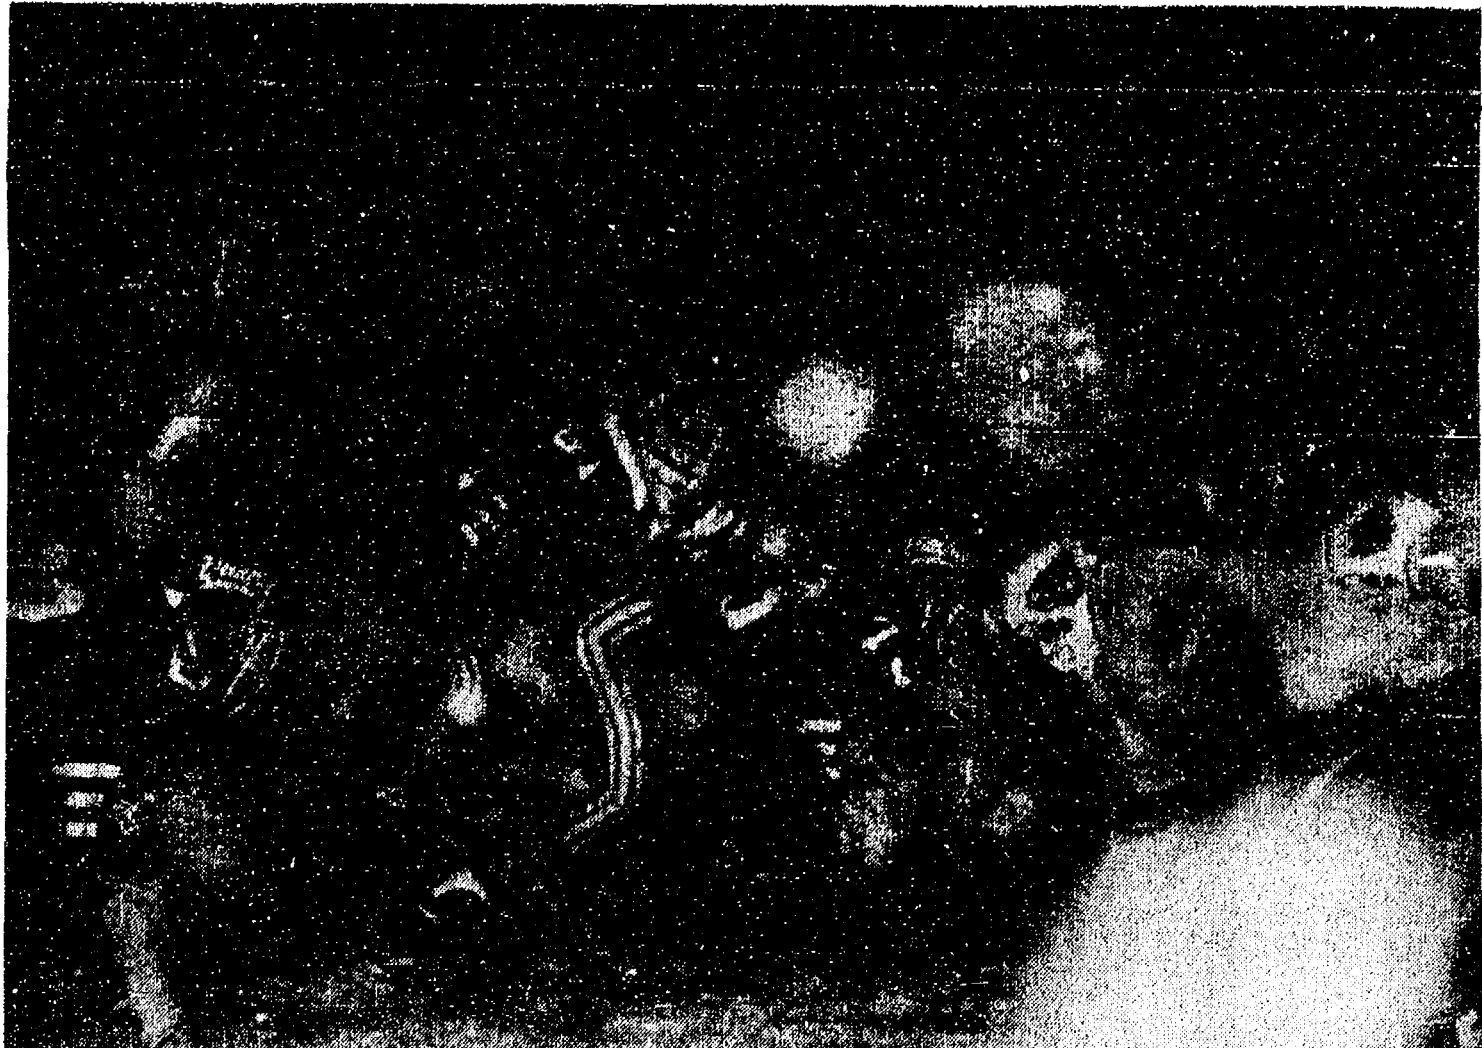

"It was extremely cold out there in the snow and the wind," said Larkin. "The kids were just freezing. Normally we wouldn't be throwing with a lead like that but we wanted to just get that last touchdown to end the game."

Schroyer racked up 164 yards in 13

carriers including three touchdown runs of 51, 15, and 47 yards. He only needs 98 yards in the last two games to gain 1,000 yards for the second consecutive season. Brigham had eight carries for 89 yards and two touchdowns. Bowers rushed three times for

24 yards and one passing touchdown and Witucki rushed twice for 15 yards. Kirmo was six for seven for 123 yards and two touchdowns—which Larkin called an amazing performance in that wind. Wolcott was one for one for 47 yards and one touchdown. Branch

caught two touchdowns. Grayling clinched the conference title with the victory. The Vikings have won the league title twice in a row. They face Lake City away this Friday and end the season with Gaylord at home.

**HOMEcoming VICTORY--**The Vikings, on defense here, spent most of the Homecoming football game on offense, with their victory over division opponent Whittemore-Prescott.

## JV's offense stalls in 26-6 loss

The Grayling High School junior varsity football team fell to Whittemore-Prescott, 26-6, on October 15.

"Out inability to generate any offense after the first drive caused our defense to be on the field too long," said Coach Chuck Spencer. "The Cardinals had a big freshman tailback that we were unable to stop until the

second half."

"The score was 20-6 at the end of the first half. We felt at halftime that we could come back and score, but we simply could not move the ball," said Spencer. "The offense was not aggressive in moving the football. Our field position continued to cause problems and this was yet another game

where we were plagued with turnovers."

"Our kids hit hard on defense, but we failed to continue the hitting while we were on offense."

The junior varsity squad hosts Lake City this Thursday, October 22, at 6:30 p.m.

# Grayling loses double overtime game 38-36 to Onaway

**By Nancy Lemmen**  
They went into triple overtime in the Grayling High School girls varsity team's first contest of the season against Onaway. In last Thursday's game, it was double overtime. And in both games, the Vikings wound up on the short end of the stick.

In a home court battle on October 15, Grayling fell 38-36 to the Cardinals after leading throughout the first half and staying very close the rest of the game. The first quarter score was 10-9 and the halftime tally was 14-10. Onaway took the lead, 24-22, after three quarters, and the game was tied at 32 at the end of regulation play. After one overtime, it was tied at 36.

The Cardinals lead the Lake Huron Division of the Great Northern League this season, said Coach Howard Lehti. "Once again we are fighting with the best of them to compete in the league and once again we come up a little short."

Thursday's game was a very hard

fought defensive struggle, said Lehti. "Grayling had their chances to win the ball game at the end of regulation time and also at the end of the first O.T. with a few ticks left on the clock. But the shots simply didn't fall. When we were behind by two, we had the ball down the full length of the court with about eight seconds to go. We passed to (senior guard) Heidi Craigie who made a three-point shot from about 28 feet out just after the buzzer went off. But it was exciting to see the ball go swishing in. Had we got the ball to her earlier — two seconds at least — we would have won the ball game by one."

Senior Sarah Mlecek led the Viking scoring with 13 points. Sophomore Nicole Parker added six points before she received a severe cut on the chin in the second overtime — a crucial point of the game — and was rushed to the hospital for treatment, said Lehti.

Juniors Angie Mertes, Darcie McCurdy and Jaime Andrus all con-

tributed four; Craigie, three; and junior Suzan Lovely, two.

In the rebounding column, Mlecek picked up 11; Andrus, three; junior Mande Mlecek, McCurdy and Lovely, two each; and Parker and Craigie, one apiece.

Parker and McCurdy each had five steals; S. Mlecek, three; Andrus, two; and Mertes and Craigie, one each.

In assists, Andrus made three; Parker and junior Elissa Cox, two apiece; and M. Mlecek, Mertes, Craigie, Lovely, and S. Mlecek, one each.

"Onaway's a good club," said Lehti. However, our teamwork is improving, getting better every game. Two of their players fouled out in the last quarter. Grayling has been successful pressuring the offense in two of the last

three games. Just getting them in foul trouble helps, because it will make them sit the bench a little longer. We hope to use this strategy to help our cause in the second half of the season."

"Mande Mlecek, Suzy Lovely and Jaime Andrus are constantly showing improvement on their playing and getting stronger each ball game," said Lehti.

**ELK RAPIDS GAME**  
The Vikings fell hard — 72-27 — to Elk Rapids on October 13.

"They led the whole ball game," said Lehti. "This was one of the best teams I've ever had the opportunity to play. It's a talented ball club that is highly rated in the state. It was a long night for the Grayling squad."

The Vikings already trailed badly, 18-4, after the first period and the score was a seemingly hopeless 36-7 at halftime. By the end of the third quarter, Elk Rapids had run the score to 56-12.

"The opposing coach left in his first string players and the game was out of hand at halftime," said Lehti. "Once again, in the third quarter his first five played most of the time. I felt sorry for our players out on the floor, but you have to do your best. It was a long evening. I've never coached a team that was beaten by so many points. It was a humbling experience."

Parker led the scoring with eight. S. Mlecek had six; Craigie, five; Cox, Lovely and Andrus, two each; and McCurdy, one.

In rebounds, McCurdy led with nine; M. Mlecek and Lovely, five each; Andrus and S. Mlecek, four each; and Craigie, one.

Parker had two steals; S. Mlecek, three; M. Mlecek, two; and Craigie and McCurdy, one apiece.

McCurdy, Andrus and S. Mlecek all had one assist.

Senior Amy Vandecar was sidelined last week with a sprained ankle. The Vikings face the rival Bucks on Thursday, October 22, at Roscommon.

"The Bucks dominated the ball game the first time we played, due to lack of rebounding on the part of Grayling," said Lehti. "For Grayling to be successful, every Viking is going to have to be a better rebounder."

## 8th graders edge Roscommon 31-29

The Grayling Middle School 8th grade girls basketball A team defeated Roscommon, 31-29, on October 12.

"The first three quarters, Grayling played real well," said Coach Jim Parker. "In the fourth quarter, we lost our intensity and that enabled Roscommon to come back and almost win. Free throws once again played an important part of the victory."

Anne Henion played a consistently strong offensive game and Kate Brunskill played well also, said Parker.

Henion scored 13 points; Brunskill, seven; Holly Anger, five; Jessica Waite, three; Michelle Duncley, two; and Bethany Pettyjohn, one.

"This win avenged the first loss to Roscommon," said Parker. "That game was real close also."

**GAYLORD GAME**  
The Vikings fell in a close 33-31 game to the Blue Devils on October 5.

"The whole team played real well," said Parker. "The Gaylord girls are tall and good all-around players. Our girls played them right down to the wire. The game was decided by two free throws in the last two minutes."

"Anne Henion played a strong game from the guard position and scored 12 points," said Parker. "Holly Anger played very well inside. She was smaller than the Gaylord players, but her hustle made up for it. She scored five points."

Michelle Duncley, Cheryl McCurdy and Julia McAnallen played strong defensive games, as well, said Parker.

Duncley and Waite each added four points; and Nikki Miller, Stacey Putnam and Brunskill put in two apiece.

The 8th grade A squad travels to Johannesburg for a 6 p.m. game on Wednesday, October 21.

## Freshman winning streak stopped by Petoskey

The Grayling High School freshman girls basketball team fell to Petoskey, 38-21, on October 12.

"I thought the team played real well against a strong Petoskey team with a lot of height," said Coach Mark Hartman. "The girls hustled real well, but had a tough time getting good shots and rebounds."

Sarah Amman was high scorer with

nine points. Jenny Wilkins followed with six. Jennifer Wallace, Jessica Wyss and Monica Lawrence all added two.

**ROSCOMMON GAME**  
The Vikings lost a close game, 35-31, to Roscommon on October 14.

Grayling again played very well against a good team, said Hartman. "They passed well and played good

team basketball."

"It was an exciting game to watch, with the score close throughout. The girls played good defense and on offense were passing real well, but came up a little short on the scoring. They hustled throughout the game and never gave up."

Lawrence led the scoring effort with 15 points. Stacie Mead and Amman

each contributed four. Wallace, Trisha Ormsbee, Jennifer Pahssen and Jennifer Richardson added two apiece.

The freshman squad hosts Alcona on Wednesday, October 21, at 6:30 p.m. and then travels to Alcona for a rematch on Friday, October 23, at 6:30 p.m.

## 7th graders beat Roscommon 24-10

The Grayling Middle School 7th grade basketball A squad defeated Roscommon, 24-10, on October 12.

"The team has progressed to the level that we are now setting team goals for each game," said Coach Harold Mertes. "Our goals in this game were to play person-to-person defense for four quarters, improving passing while on the move and cut down on reach-in type fouls. The team was able to attain their goals

during the game and that made the win more satisfying."

"Stephanie Hellebuyck scored four points and hard work on her defensive skills is now paying off," said Mertes. "Erin Mills did a great job on defense to hold Roscommon's best offensive player to two points."

The 7th grade A team travels to Johannesburg on Wednesday, October 21, and to Kalkaska on Monday, October 26, to close its 1992 season. Tip-off time for both games is 6 p.m.

# Cold, snowy weather can't dampen Homecoming spirit

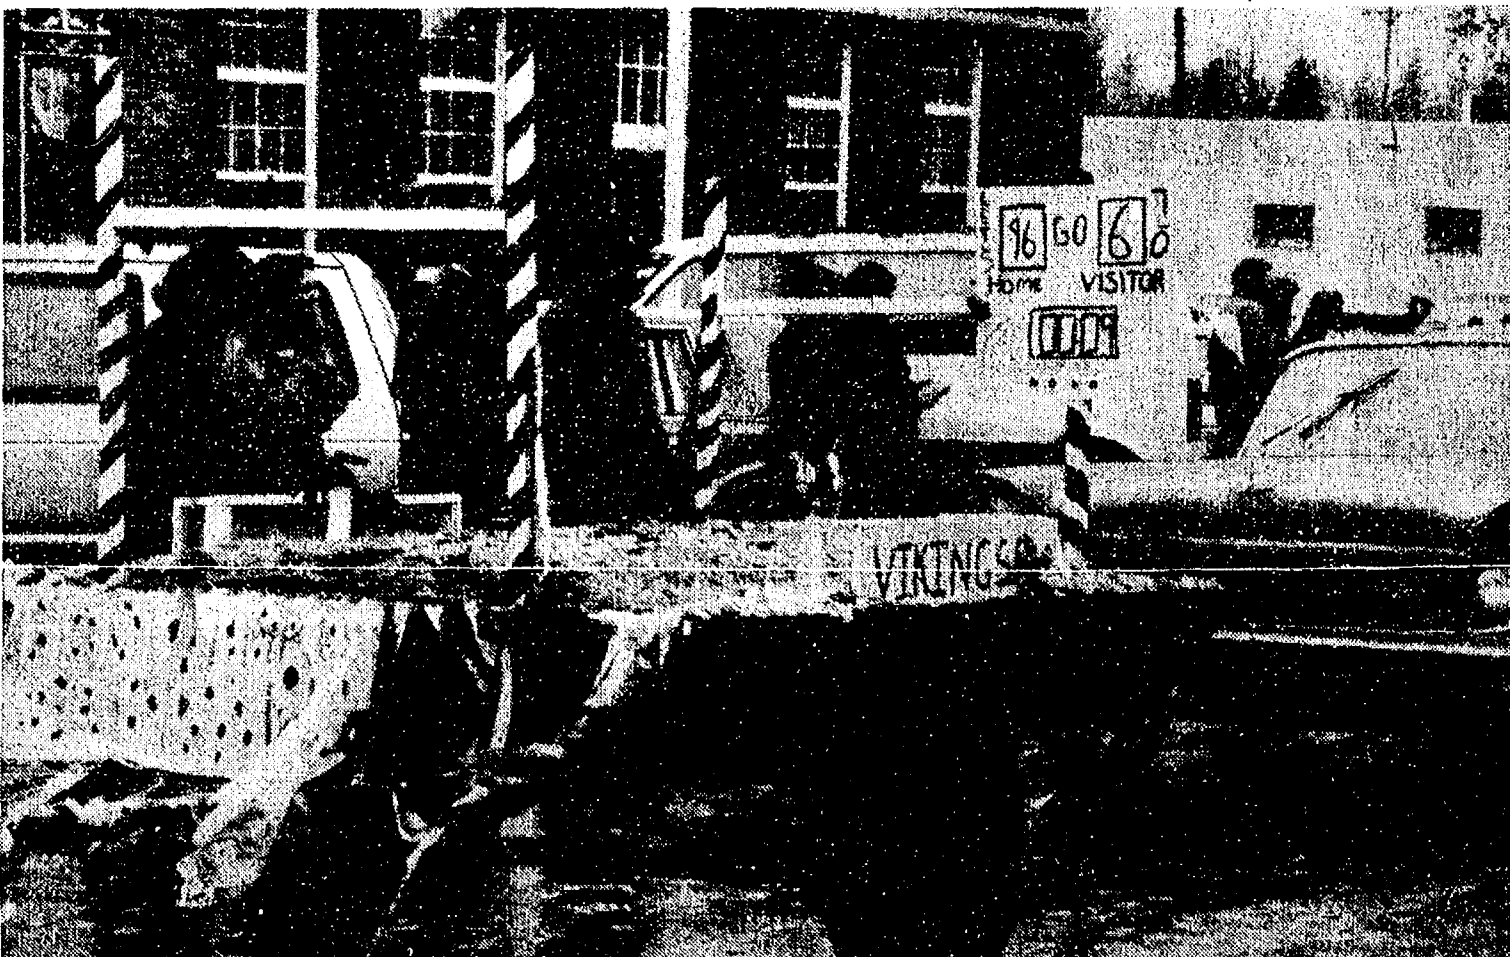

**FIRST PLACE WINNER**--The junior float, inspired by the movie "Jungle Book," took 1st place in the Homecoming week competition at GHS. The Class of '94 came in 3rd in the overall Spirit Cup standings.

**FLOAT RUNNER-UP**--The senior class float, based on Peter Pan and Captain Hook, placed 2nd in the Homecoming week contest at GHS. The Class of '93 took a 1st place overall in the annual Spirit Cup competition.

**BEAUTY AND THE BEAST**--The GHS sophomore class float placed 3rd with its Homecoming week interpretation of the Walt Disney movie, "Beauty and the Beast." The Class of '95 took 2nd place in the Spirit Cup competition.

**101 DALMATIONS**--The freshman class at GHS took 4th place with its Homecoming float, based on the Disney story, "101 Dalmations." Activities and contests throughout the busy week were built around the theme of Walt Disney.

## Grayling Middle School

By G.M.S. Student Council News  
MEAP Busters

We're MEAP Busters at G.M.S! Do you know what that means? Let us explain. G.M.S. seventh graders have been taking the MEAP Test this past month. (Other grades take parts of the MEAP Test as well, but the seventh grades take the full battery of tests.) But just what is the MEAP Test? The acronym stands for the Michigan Education Assessment Program. It is a state test that assesses students' skills in math, reading, and in specific grades, science. When the tests are completed, they are sent to the state department, scored, and the results are sent back to the district, as well as the other school districts in the state. It might be said that the results of the MEAP are a kind of report for our students in Crawford AuSable Schools.

But what does all this have to do with MEAP Busters? Last year, Grayling Middle School decided that it could "bust the socks off" the MEAP. Students along with their teachers thought that the results of the MEAP could be improved. With this idea in mind, the time and place of the testing was changed. Students previously took the test in their science classes, but now take the tests in English and math classes. Another event, a cook-out helped kick-off the testing. Yet another incentive to encourage students to try their hardest was allowing students in some classes to bring in nutritious snacks to eat while they took the test. (This helped some students become more relaxed and then they could focus their full attention on the test.) Students were encouraged to get plenty of rest so concentration levels would be at their highest while taking the tests.

Students are trying to bust last year's scores. The seventh graders want their scores to improve over last year's seventh graders, and last year's scores were higher than in previous years.

When the test results are returned to the school district, they will be studied by the staff, and if students do well, a special event is planned when students will celebrate their success.

The Dog

One fall day after school, I decided to take a shortcut home. I walked through a person's yard and sat in their grass. Boy, was I hungry! I looked in my bag to find something to eat. I ripped open a bag of Skittles and took a big handful and shoved it in my mouth. I looked at the house next door. It was old and the white paint was chipping. Parts of the roof had fallen in. The windows were boarded up. What a spooky place, I said to myself. I wonder who lives there. Before I could find out, a big, black dog ran up and grabbed my school bag. He ran into the house next door. Now, how do I get inside that house, I wondered. I ran over to see how the dog got inside, and to get my bag back. Then I saw how. He had gotten in through a spot where a board was missing. I pulled myself inside the window. Inside it was dusty and there was no furniture. It smelled like raw sewage. I called out, "here dog, come on. Give me my bag." But the dog did not come. He was nowhere in sight. I walked down the hall. I stopped when I came to a staircase. Maybe he went up there, I thought. I walked slowly up the stairs. Suddenly, someone moaned. Again and again the person—or thing—moaned and groaned. Aahh! Uggghh! Then the moaning stopped. The sound of footsteps and a heavy chain being dragged flooded throughout the house. It came closer and closer. Then a cold hand grabbed my shoulder! I turned quickly and saw an old woman. She had pale skin, dark eyes, and a wicked smile formed on her lips. "What are you doing here, little girl?" she croaked. "I followed your dog in through a window," I whispered hoarsely, "he stole my school bag." The old woman frowned. "I don't have a dog," she said. "If a dog came in here, I would know about it." The woman walked away. I turned to leave and saw the dog. He ran down the stairs and I followed close behind.

I rounded a corner, but the dog was gone. I was sure he had come this way. All of a sudden, I was grabbed from behind! Sharp teeth sank into my side. Blood gushed from the wound. I saw the dog only he didn't look like a dog. He looked like a wolf! I started to run. I stopped and tried to remember the way out. Oh great, I thought, now I'm trapped inside this place! Just then I saw a window. It wasn't boarded up like the rest. I opened the window and climbed out. I ran the rest of the way home. I told my parents, but they didn't believe me. I asked the librarian if he knew she lived there. He said nobody had lived there for over 80 years. The last person who lived there was believed to have changed into a werewolf. "A black one, if I remember right," he said. "The lady who lived there was burned at the stake. Just before she died, she vowed revenge!"

- Do not be in a big hurry to make that important decision. Remain patient and the solution will present itself.

Be persistent. Withdrawing from a negative situation now will not solve your problem. An improved attitude will help.

You must forgive yourself before you can begin forgiving others. Everyone makes mistakes...even you.

Be more unpredictable. Do not schedule each moment of your life. Stop and smell the roses for a change.

Do not make a promise you know you cannot keep. Overextending yourself will not get you far.

Follow your intuition. If it doesn't FEEL right then avoid it (this includes relationships and career changes).

Stress is a problem. Make no more commitments except to yourself. Get away from work and relax, laugh and enjoy life.

Examining the past will only cause you regrets. You cannot alter the past, so let it be and look to the future.

Expect the unexpected. Love, romance, adventure is just around the corner waiting to pounce on you.

Loneliness can be obliterated by immersing yourself in others problems. Volunteer your time to more philanthropic organization.

You are not perfect and neither is your spouse or loved one. Do not expect more from one another than is humanly possible.

Fight for what is yours. You will not win unless you run so prepare yourself both physically and mentally.

Features

MERT IS WAITING--Mert, a female Australian shepherd, is waiting at the animal shelter for new owners. She's only ten months old and wants to spend the winter at a nice home. Stop by the animal shelter or call 348-4117.

Pet Care Tip

If your dog lives outdoors, most of his exercise needs are probably met by your back yard, unless he's exceptionally large. Allowing him to run free may earn you several enemies among your neighbors and could contribute to the pet population explosion.

Verse or Worse

By Joe Murphy

My Home

It's a land of forests, lakes and rivers  
Full of beauty for all to see  
This land that lies here in Crawford County  
Land of the beautiful AuSable and mighty Manistee

It's a land that's full of history  
Of lumberjacks and lumbermen  
Of rivers full of logs and Grayling fish  
Of boom days we'll never see again

Names like Michelson, Salling and Hanson  
Who made their fortune in the pine  
Who shipped out a lot of lumber  
On the New York Central Railroad line

David Ward and his town and timber  
Henry Ward's orchard full of fruit trees  
Attest to the days this land was booming  
And men were busier than a hive of bees

After the lumbermen came the farmers  
Hoping to wrest a living from the land  
But most of them were doomed to failure  
By Crawford County's worthless sand

But this land of lakes and rivers  
Placed a mighty grip on a lot of men  
Maybe they could leave it for awhile  
But it soon called them back again

This land is where I've spent my life  
Where my body will spend eternity  
Held by the beautiful sights I see along  
The AuSable and Manistee

A Look At Our Past from the pages of the Avalanche

# The Bible Speaks

From The  
Calvary Baptist Church

## Is Hell Avoidable?

"The sinners in Zion are afraid; fearfulness hath surprised the hypocrites. Who among us shall dwell with the devouring fire? who among us shall dwell with everlasting burnings?" (ISA 33:14). Hypocrites even among the clergy shall be fearful and surprised at going to Hell. Jesus Christ said, "Many will say to me in that day, Lord, Lord, have we not prophesied in thy name? and in thy name have cast out devils? and in thy name done many wonderful works? And then I profess unto them, I never knew you: depart from me, ye that work iniquity." (MAT 7:22, 23). Many will spend eternity in Hell with the Devil, "Then shall he say also unto them on the left hand, Depart from me, ye cursed, into everlasting fire, prepared for the devil and his angels." (MAT 25:41). "Wherefore by their fruits ye shall know them. 'Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven, but he that doeth the will of my Father which is in heaven.'" (MAT 7:20, 21). God says no human is good enough

to go to Heaven or avoid Hell, yet people today have no fear of God. "As it is written, There is none righteous, no, not one: There is none that understandeth, there is none that seeketh after God. They are all gone out of the way, they are together become unprofitable; there is none that doeth good, no, not one. Their throat [is] an open sepulchre; with their tongues they have used deceit; the poison of asps [is] under their lips: Whose mouth [is] full of cursing and bitterness: Their feet [are] swift to shed blood: Destruction and misery [are] in their ways: And the way of peace have they not known: There is no fear of God before their eyes." (ROM 3:10-18).

There are few preachers who still believe in the literal place called Heaven with streets of gold and mansions prepared for God's people. There are even fewer who still believe in a literal place filled with fire and brimstone called Hell. Teaching universalism, annihilationism, and allegorical forms of Bible interpretation will not altar reality.

Denying or changing the meaning of God's words in the Bible will deceive many people, but it cannot change their eternal destiny in the hands of an angry God!

God says, "To me [belongeth] vengeance, and recompence; their foot shall slide in [due] time: for the day of their calamity [is] at hand, and the things that shall come upon them make haste." (DEU 32:35). Sinners outside of Jesus Christ stand on the slippery slopes of an eternal lake of fire. They pause one heartbeat from Hell. Only God's longsuffering is allowing them time to repent of their sins and be saved.

**KITCHEN, ALBEE HEAD UNITED WAY**—Jeanette Kitchen and Dick Albee are serving as co-chairpersons of the 1992 Crawford County United Way Campaign. During the months of October and November these dedicated volunteers will be busy meeting with local employers and community organizations, spreading the good word about our United Way. This year's campaign goal is \$54,000 and the money will be used to fund 14 local agencies who depend upon United Way for operating income and special projects.

## Military News

Coast Guard Ensign Dennis J. O'Mara, son of William and Ruth M. O'Mara of 6425 Richard Road, Grayling, was recently commissioned in his present rank upon graduation from Officer Candidate School.

During the course, at the Coast Guard Reserve Training Center, Yorktown, Virginia, candidates are taught navigation, seamanship, communications, leadership, and Coast Guard search and rescue and law enforcement procedures.

Officer candidates also participate in rigorous physical training program, and studied general administration, Coast Guard Missions and history and human relations.

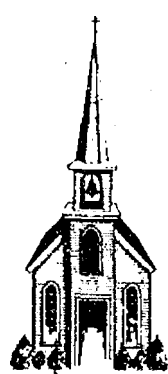

The 1980 graduate of Montrose Hill-McCloy High School, Montrose, joined the Coast Guard in March 1992.

## Church Directory

A  
House  
or a  
Home?

What is your initial impression upon viewing this photograph? It appears to be autumn. Perhaps you sense sadness or emptiness, seeing merely a portion of an old abandoned house framed by dry, brittle leaves. On the other hand, maybe you sense warmth and cheer, as you picture a cozy late Saturday afternoon . . . red-nosed youngsters defrosting themselves with mugs of steaming hot chocolate at Grandma and Grandpa's after spending several hours raking late autumn leaves.

Has your impression altered? Do you see a house or a home? Is your cup half empty or half full? It's all up to you . . . and God. In the familiar twenty-first Psalm, David proclaims, " . . . my cup overfloweth . . . and I shall dwell in the house of the Lord forever."

Dwell in the Lord's house each Sabbath and your cup will overflow with His love. The Lord's house is always a home.

# GHS class of '42 celebrate 50th

The Grayling High School Class of 1942 celebrated their 50th anniversary on the weekend of September 26 and 27. Many of the class were on hand on Saturday afternoon for a tour of the old school, now the Grayling Middle School, where some had attended from kindergarten through graduation. Paul Lerg, assistant superintendent, conducted the tour.

Prior to the Alumni Banquet which was held at Weatherly's that evening at 7 p.m., members of the class, their spouses and friends, gathered at the home of Fay and Bob Bovee at 5 p.m.

for a couple of hours of cocktails and hors d'oeuvres and a lot of visiting and reminiscing. The class adjourned to the banquet where they were seated together. The table was decorated with blue and white, their class colors, the motto, "We enter to learn, we leave to serve," and placemats were copies of the class composite.

Sunday morning, several of the members met for breakfast.

Attending were 22 of the 28 living members of the class out of a class of 38 who graduated. It is believed that

this is the best attendance the class has had at their reunions which they have had every five years since 1952.

Attending were Weldon Nielson and wife of Paris, Clarence Small of Rockford, Illinois, Irene Pynnonen Sanger of Tucson, Arizona, and friend of Detroit, Joyce Bugby Piper and husband of Harbor Springs and Homosassa, Florida, Mildred Craft Hamer, Jean Wheeler Kaiser, Elaine Broadbent Bobenmoyer, Helen Newell Johnson and husband, Ed Funck and wife, Junior Palmer and

wife, Donna Lee "Sammy" LaMotte Williams and husband, Jay Stephan, and Richard Rasmusson, all of Grayling. Mrs. Lois Roberts of Hartselle, Alabama, wife of the late Cecil Roberts, the class sponsor, called to tell everyone "hello." Irene Sanger reported that she had talked to Eugene Lawler, another of the class' teachers who resides in Traverse City, but he was unable to come because of poor health. Another of their teachers was Joseph Stripe who was out-of-town at the time of the reunion.

## Crawford County Road Commission September 11, 1992 Minutes

The regular meeting of the Crawford County Road Commission was held in their office in Grayling. Present were: Chairman Norman Parker, Commissioners Clyde Anthony and Kenneth Chapp, County Foreman Gary Leslie. Others present were: C. Bert Medley, Larry G. Rouse, Gary Bofsyil, Gerald L. Fritts, County Commissioner, Lee Riley; Grayling Township Supervisor, Arnold Stancil; Henry Mason of Skrocki from Environmental Solutions Inc.; Mark Lowe, Robert Loeffler and John Fankoski. Absent were Engineer-Manager Richard Young, and Accounting Clerk Joanne Thompson.

The minutes of the previous meeting of August 28, 1992, were read. Commissioner Anthony made a motion to accept the minutes, with one correction, seconded by Commissioner Chapp. All voted in favor.

Payroll Voucher Number 19 in the amount of \$27,871.45 and Material Checks numbered 20730 in the amount of \$2,132.36 were presented to the Board for approval of payment. Commissioner Chapp made a motion to accept the vouchers, seconded by Commissioner Anthony.

The Board reviewed the requests for abandonment of roads at Portage Lake Park, Block 4 & 5th edition. After much discussion with concerned citizens, the Board elected to table all current and future abandonments until they could seek legal council for new law updates. (M.C.L.A. 560.222 and M.S.A. 26.430 which are laws passed in 1976 pertaining to roads in subdivisions.) The motion was made by Commissioner Chapp and seconded by Commissioner Anthony. All voted in favor. After ascertaining legal council, the property owners will be notified as to the legal council recommendations.

Four bids were received regarding Ice Control Sand, thus being,  
Mason Excavating, \$3.70 cu. yd.;  
Halliday Sand and Gravel, \$3.25 ton (\$4.22 cu. yd.);

Jack Millikin, Inc., \$4.40 cu. yd.  
Cordes Excavating, \$2.90 cu. yd.  
The Board elected to wait until the return of Engineer Manager Young before a final decision was made.

Driveway permits were reviewed and signed as follows:  
Scott McClain, Lot 73, Little John Avenue, Grayling;

Joseph M. Bilinski, 9262 Demany, Grayling;  
Charles DuCastle, Regimental Way, Grayling;

Robert F. Paulsen, Jr., Regimental Way, Grayling;  
Steven J. Drantnol, W. Babbitt Road, Grayling;

Neal J. Michal, Jr., 6592 Ethel Court, Grayling;  
Dave Schroski and Becky Cooper from Environmental Solutions, Inc., appeared before the Board to give an updated analysis on the contaminated soil at old road commission property. It was noted that Dave will contact Engineer Young next week to review the synopsis of the lead level report.

Mark Lave appeared before the Board regarding the condition of Cameron Bridge Road.

The Board reviewed and discussed the latest Workmen's Compensation report, noting the increase in the number of job related injuries in the past two years, compared to the previous two years.

It was brought to the attention of the Board that the property owners on Wakeley Bridge Landing wish to have the liability insurance fund on Soldier Road at Camp Grayling.

The Board discussed the possibility of hiring a janitor on a part time basis for the maintenance and upkeep of the Road Commission office and grounds, as well as temporary office help in the Secretary Receptionist field.

A motion was made by Commissioner Anthony and seconded by Commissioner Chapp to adjourn the meeting until 9:00 a.m. Monday morning, September 14, 1992, when Engineer Young would be available to attend, and discussion would be completed at that time.

Being that there was no Secretary available to take minutes, a tape recording of the Board Meeting minutes is on file at the Road Commission office.

## Crawford County Road Commission September 25, 1992 Minutes

The regular meeting of the Crawford County Road Commission was held in their office in Grayling. Present were: Chairman Norman Parker, Commissioners Clyde Anthony and Kenneth Chapp, Engineer-Manager Richard Young, and Accounting Clerk Joanne Thompson, Chairman of Roads & Bridges Lee Riley, John Tonkoshkur, Robert Loeffler, Don Butcher and Robert Ashworth.

The minutes of the previous meeting of September 11, 1992, were read. Commissioner Anthony made a motion to accept the minutes, with an addition, seconded by Commissioner Chapp. All voted in favor.

Payroll Voucher Number 20 in the amount of \$26,561.86 and Material Checks numbered 20803 through 20856 in the amount of \$15,175.23 were presented to the Board for approval of payment. Commissioner Chapp made a motion to accept the vouchers, seconded by Commissioner Anthony.

At this time road name changes were addressed. In Grayling Township, T26N, R4W, a private road Beau Boulevard was changed to West Wind Drive with 75% of property owners in agreement. Mr. Tonkoshkur and Robert Loeffler appeared before the Board requesting that another private road in South Branch Township, T25N, R1W, Huntington be changed to the original name of Huntington Road. They both noted that throughout the years the spelling was transposed and the other property owners are in agreement. No other opposition offered. Commissioner Chapp, seconded by Commissioner Anthony, approved the road name change.

Engineer-Manager Young asked the Board if he could accept the winter sand bid from Halliday Sand & Gravel due to the fact that the low bidders did not meet the road commission specifications. A motion was made by Commissioner Anthony, seconded by Commissioner Chapp to purchase 3,000 yards of sand at 3.25 per ton.

Don Butcher and Robert Ashworth representatives of Alpine Snowmobile Trails, Inc. appeared before the Board asking permission to use approximately one-quarter mile of a county road for a snow mobile trail to cross the river. The Board told them that they would not be able to use the groomer on the bridge due to the current load limit restriction. They informed the board of a new updated insurance policy and will be working closely with the Dept. of Natural Resources for the proper signing.

Permits were reviewed and signed as follows: Michigan Consolidated Gas to install a service line on Kings Court in Grayling Township; William Harris to construct a driveway on North Down River Road in Grayling Township; another driveway permit on Wilcox Bridge Road in Grayling Township; Top O Michigan to construct a primary aerial crossing on Stephan Bridge Road in Grayling Township.

An exception was made on a vacation policy made by the Board for one employee due to extenuating circumstances. A request from Lee Riley was received by Engineer-Manager Young to give a cost estimate for blacktopping of a private road which was given to him this date.

Discussion was held on the County Road Association Negotiating Committee asking for a Letter of Intent regarding the state maintenance contract.

Mark Sloan, I.D.S., appeared before the Board to give a presentation on pension plans. Also present were Jon McLeod, Jed Blaauw, and Ross Argue. A detailed tape recording of his presentation can be found on file at the road commission office.

Discussion was held on the cost of blacktopping an intersection. The Board felt the high cost with no participation makes the project unlikely at this time. The Board instructed Engineer-Manager Young to receive quotes on janitorial services.

Discussion was also held on Chase Bridge Road and Babbitt Road. Lee Riley gave Engineer-Manager Young information on the paving of North Down River Road with grant money.

Mr. Young is to contact Larry Schmidt of Roscommon County Road Commission and set up an information meeting.

A motion was made and seconded to adjourn. All voted in favor. Meeting adjourned.

## Crawford County Road Commission September 29, 1992 Special Minutes

A special meeting was held this date with Commissioner Anthony, Commissioner Chapp, Engineer-Manager Richard Young and Accounting Clerk Joanne Thompson. Absent: Chairman Norman Parker.

Commissioner Anthony offered the following resolution and moved for its adoption.

BE IT RESOLVED THAT the County Truckline Maintenance Contract between the Michigan Department of Transportation and the County of Crawford for the period 1 May 1992 to 31 March 1993 is hereby accepted and Richard G. Young is designated as Maintenance Superintendent on sections of State Trunkline Highways as shown on the County Route Section Map and Budget Sheets.

The following County official Richard G. Young, Engineer-Manager is authorized to sign the said maintenance contract.

Supported by Commissioner Chapp.

Adopted: Yeas: Anthony, Chapp. Nays: None.

A letter to Mark Schostak of King Ventures was reviewed previously by Attorney Sabin and now reviewed by the Board regarding the Remedial Action Plan for removal of lead containing soils designed by Environmental Solutions, Inc. Mr. Schostak is to sign and return an original letter which will be the Road Commission's formal acknowledgement to start the cleanup operation.

A short discussion was held on Cameron Bridge and Hulbert Bridge proposals that were received. Engineer-Manager Young informed the Board that one company has withdrawn their proposal. The Board directed Engineer Manager to select the best company.

A motion was made by Commissioner Anthony, seconded by Commissioner Chapp to adjourn. All voted in favor, meeting adjourned.

## Crawford County Road Commission Monday, September 14, 1992 Special Minutes

The Crawford County Road Commission reconvened the September 11, 1992, Board meeting on Monday, September 14, 1992, at 9:00 a.m. in their office at the Road Commission building. Present were: Chairman Norman Parker, Commissioners Clyde Anthony and Kenneth Chapp, and Engineer-Manager Richard Young. The purpose of the meeting was to update Engineer Manager Young on current issues.

The Board and Engineer Young discussed the ISTBA, TEDF Category D and other road funding plans. Board discussed status of excess vacation draw down for salaried employees, and vacation abuse by all.

The board directed the Engineer manager to request a formal opinion from Road Commission Attorney, David Sabin and CRAM regarding authority for road abandonment.

Engineer Manager Young will determine availability of Kirtland Community College Co-op students for part time secretary, and will solicit applications.

Seven Mile Road at Old 76 was discussed. Commissioner Clyde Anthony will meet with Beaver Creek Township and Jack Millikin, Inc. Construction to solicit funding assistance. Board questioned the current gravel status.

Barb Greene will be requested to continue to help with 9-1-1 and road naming issues.

Board requested Engineer Manager Young to determine cost to contract haul of waste from old building. Also, to determine janitorial alternatives.

The Board closed the door to discuss on going Union negotiations.

Door reopened at 10:55 a.m.

Meeting adjourned at 11:00 a.m.
